

TECHNICAL DATA

TR 95

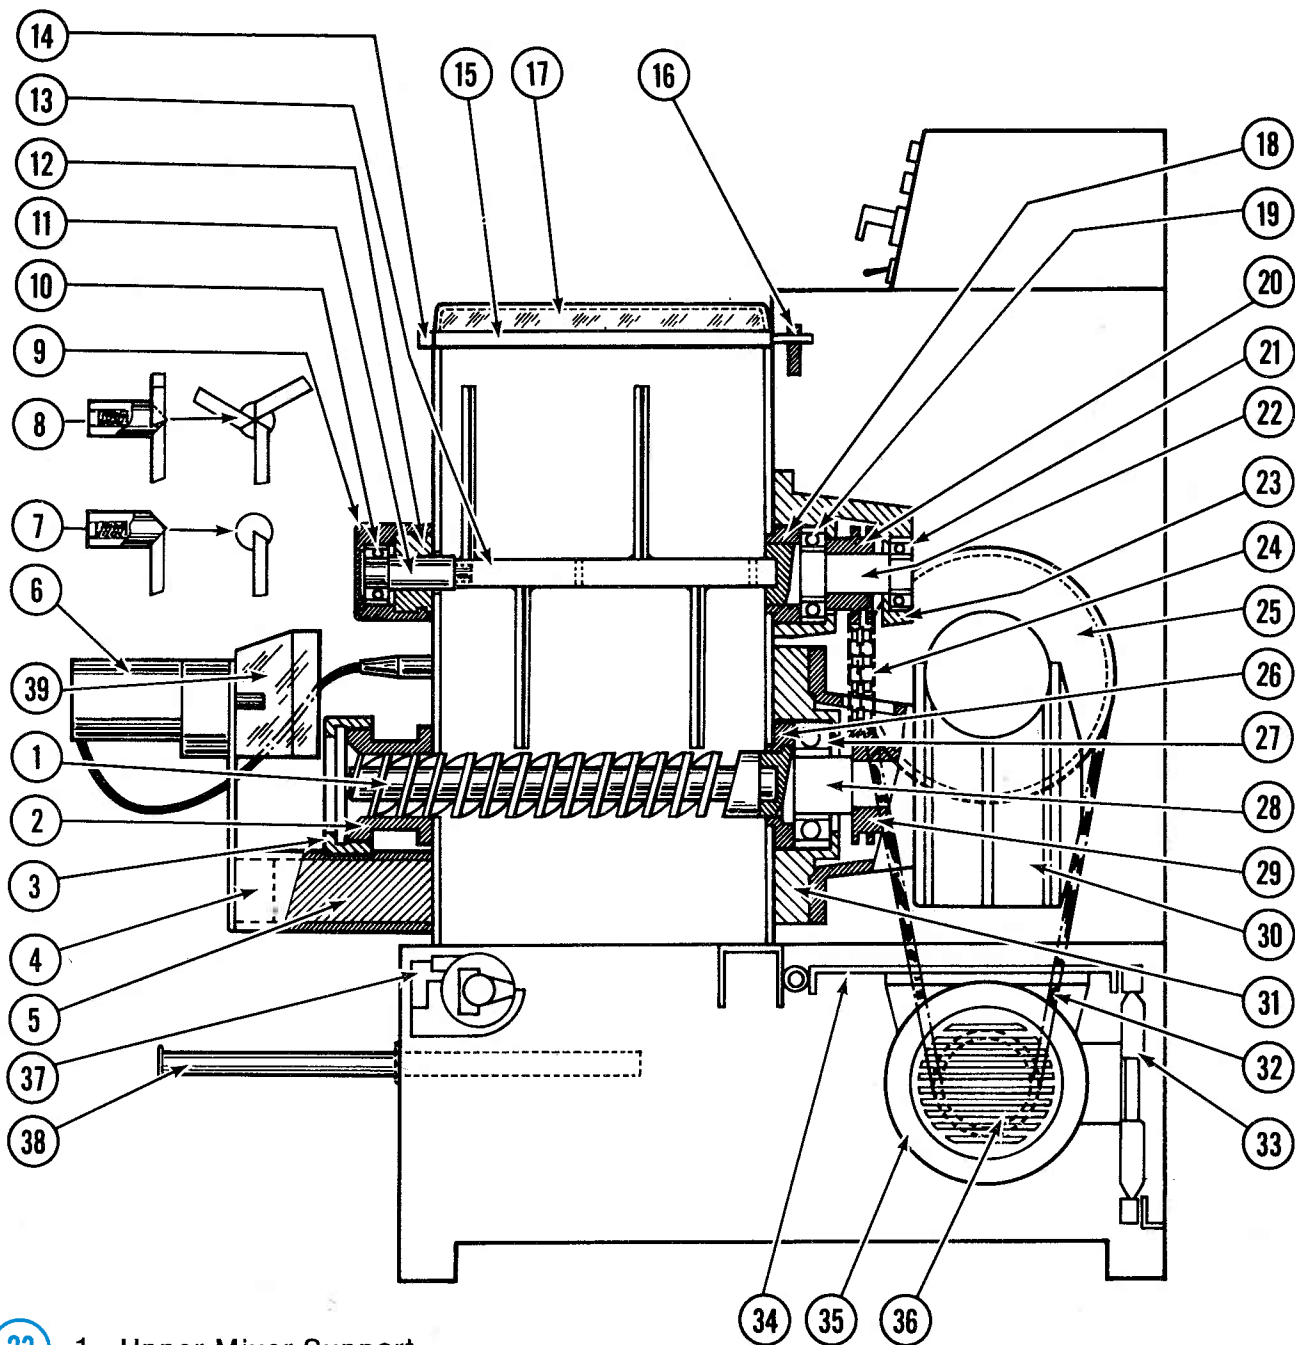

Motor: 220V/60C/1-3 PHASE
Height: 57"
Length: 23"
Width: 14.3"

TR110

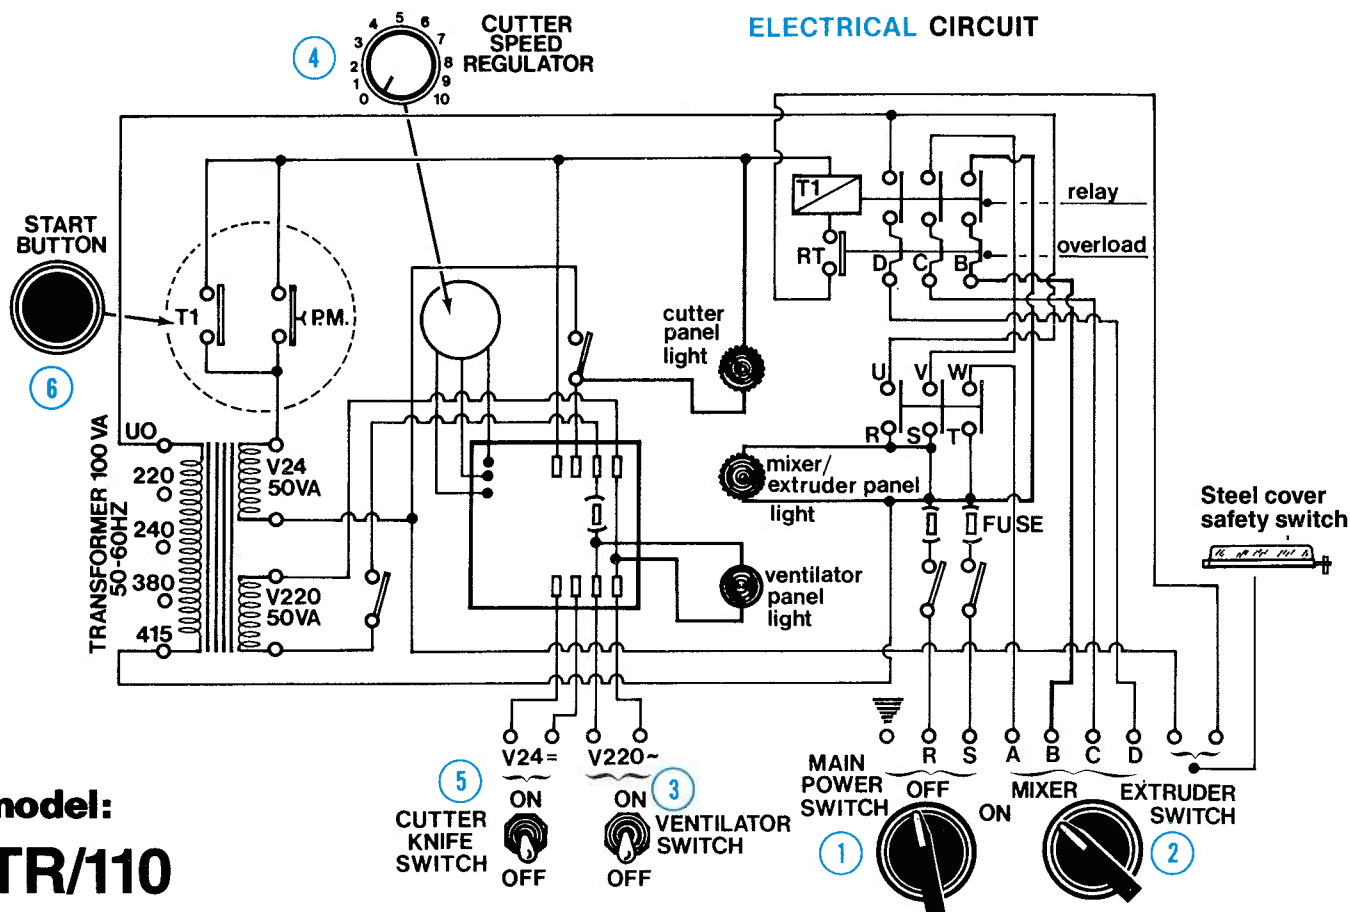

Motor: 220V/60C/1-3
Height: 57"
Length: 23"
Width: 18"

The TR/110 is designed with a water cooled die head unit. This feature permits your Pasta Machine to run continually, keeping the Die Head at the constant recommended temperatures, outlined in this manual. Local water pressure is acceptable. (Approximately 35 psi)

POSITION

QUANTITY	DESCRIPTION
1	Endless Screw Conveyor
2	Fixed Sleeve Bearing Support
3	Die Retaining Ring
4	Rotating Cutter Support Arm
5	Fixed Cutter Support Base
6	Cutter Motor
7	Cutter - Single Blade
8	Cutter - Triple Blade
9	Mixer Support Head - Rotating
10	Mixer Support Head Bearing - Front
11	Rotating Mixer Support Shaft
12	Mixer Support Bushing Guide
13	Mixer
14	Cover Holder
15	Cover Support Rod
16	Cover Safety Switch Cam
17	Steel Top Cover
18	Mixer Upper Bearing Support
19	Rear Mixer Bearing
20	Upper Gear - Mixer Drive
21	Rear Flange Bearing
22	Upper Gear Mixer Shaft
23	Pulley
